Table shows the strength of planets in each rasi. If the strength of a planet in a rasi is 8 or more, the native will have good results when the planet moves in the rasi and if the strength of the planet in a rasi is less than 8 the native will get comparatively bad results. Generally if the total strength is more than 30 it is good, if the total strength is between 25 to 30 it is medium and if below 25 it is bad.
